VII. New Business:

A. Discussion Item: SJSU Resource Fair Recap

Discussing how the recent Resource Fair went, highlighting what worked well and identifying areas for improvement to enhance the planning and execution of future fairs.

B. Discussion Item: Highlighting Resources

showcase key student resources available during finals season and throughout the summer. We can also recognize and highlight accomplishments of campus resources over the past year. This can be done through social media

C. Discussion Item: Housing and Food insecurity awareness

The Director of Legislative Affairs is still finalizing the resolution, we previously discussed creating an informational slide to accompany it. I'd like to revisit that idea and move forward with developing the slide, even if the resolution isn't completed in time. The goal is to ensure students still receive the key information and resources outlined in the resolution and other outside sources.

D. Discussion Item: Student & Campus Resource Outreach

With the semester coming to a close, I'd like to explore ways to gather student feedback through a form or another method to better understand their experiences with campus resources, any concerns they have, and improvements they'd like to see. In addition, I'd like to connect with various campus resources to discuss how A.S. can support their programs and initiatives as they wrap up this semester and also as they start planning for the next academic school year.
