

For Interior Design Major:

Laptops are essential as many classes require in-class work to be completed on a laptop. The computers should be capable of running the minimum system requirements for Rhino, Revit, Enscape, and SketchUp. Unfortunately, Autodesk Revit and Enscape are only available for Windows. Therefore, we **cannot recommend** Apple computers for anyone wishing to join this program.

Processor

- Intel Ultra™ 5, 7, or 9 (13th gen or newer)
- AMD Ryzen 5, 7, 9 (7000 series or newer)

Operating System

- Windows 10 or Windows 11

Video Card

- NVIDIA® GeForce RTX™ 4060 or better
